FleetNet America's Prearranged Equipment Moves

Many of our customers find themselves in need of a solution to get equipment relocated within their system or new equipment moved to another location. For customers enrolled in our TMcare® program, we have a service to assist with those moves to save you both money and effort. This opportunity will allow you to determine the most cost effective solution to fit your needs.

FleetNet America partners with several of the largest driveaway companies in the country to offer competitive rates with excellent service. The program is available to move box trucks, tractors, cars, trailers and forklifts/Moffetts throughout the country. When a driveaway move is planned in advance, our TMcare® department works to find you the best available rate. We also offer a Select Tow & Transport program to provide quotes for immediate equipment moves.

To utilize the driveaway program, customers may call their TMcare® Account Representative. The request will be submitted to our Driveaway Coordinator to handle all the details. Rates are prearranged with FleetNet, however, individual quotes for 'power-only' moves or special needs can also be provided. Based on the location of the unit and driver availability, it can take up to 72 hours or longer to get a committed pick up arrangement. Once your equipment is enroute to the destination, FleetNet's Emergency Roadside Assistance is available to handle any issues 24/7/365.

To learn more about our driveaway program, contact your Region Sales Manager or call 1-855-836-3912 today.

NPTC – National Private Truck Council	Cincinnati, OH	April 26-28
TMW Systems – Transforum	Orlando, FL	Sept. 13-16

FleetNet Continues to Expand Sales Team

FleetNet America continues to expand the Sales team by adding additional sales personnel. With a mission to change the direction of fleet maintenance, FleetNet's sales consultants become a partner with customers helping them get their fleets back on the road faster than anyone else in America; assisting in reducing maintenance events by providing data and information to make even better maintenance decisions; and delivering best in class PM compliance (>97%) at the lowest total maintenance cost.

Debra Grant has recently joined FleetNet as Region Sales Manager in California. Debra has over 14 years of experience providing staffing solutions to the trucking industry. Debra will be based in the Los Angeles area.

Debra Grant

Melinda Williams recently joined our Inside Sales Department as an Account Manager. Melinda has worked for FleetNet for over three years, most recently in our Roadside Department. Melinda will be handling the Kentucky and Tennessee territories.

Melinda Williams

New Customers Join FleetNet Family

FleetNet America administers service for 360,000+ events annually, as well as being responsible for over 1,000,000 pieces of customers' equipment in the TMcare® (Total Maintenance Care) and Roadside (emergency roadside) programs. We would like to welcome the new customers who joined our FleetNet family in the last few months.
